Is there a market for large-scale battery storage in Central Europe?

In many countries in Central Europe, the market for large-scale battery storage is growing rapidly. The drivers are diverse, but there are still obstacles, as Eliza Stefan, Sales Manager BESS for Central & Eastern Europe, Jinko EES, points out.

What is battery storage Europe?

“Battery storage is no longer optional, it's essential. The Battery Storage Europe Platform brings together key players to make this technology safer, more reliable, and bankable. At REIB, we're proud to support this initiative by offering tailor-made insurance solutions that enable the energy transition to move faster and more securely.”
