

Central and Eastern European Modular Energy Storage Cabinet 800mm Deep Financing Lease

What is energy storage Europe?

EASE will now be known as the Energy Storage Europe association, with a new identity designed to give the sector a stronger visibility. This transformation marks a significant milestone as the association approaches its 15th anniversary and reflects the central role that energy storage now plays in Europe's energy future.

What's happening at Energy Storage Summit Central Eastern Europe?

For a first time, we are bringing the Battery Time Capsules to the Energy Storage Summit Central Eastern Europe. As our final session of Day One, this session will take the form of networking roundtables. Each table represents a European Market and will have a representative market host.

What is energy storage Europe Association?

Energy Storage Europe Association is actively shaping the legal and R&D funding framework for energy storage at EU level. Members gain direct influence in the European decision-making process. Members benefit from the Energy Storage Europe Association's expertise and technical know-how, and they can participate in EU-funded research projects.

Is energy storage a central enabler of electrification and heating decarbonisation?

Energy Storage Europe Association responds to the European Commission's Public Consultations on the Electrification Action Plan and the Heating and Cooling Strategy, highlighting the need for stronger recognition of storage as a central enabler of electrification and heating decarbonisation.
