

Energy storage battery market share in the first half of 2025

Total deployments for the first half of 2025 sits at 86.7GWh of battery energy storage system (BESS) capacity, up 54%.

The research and analysis firm has just published its 2H 2025 Energy Storage Market Outlook report, tallying global deployments and summarising market developments in the first half of ...

Globally, battery energy storage system (BESS) installations were up 54% in 2025 compared with the first half of 2024.

The Global Battery Energy Storage Market Enters 2025 with Strong Momentum According to the latest data from analytics firm Rho Motion, part of Benchmark Mineral Intelligence, the first half ...

Our annual Battery Storage Market Map highlights a selection of companies active across the energy storage value chain - from battery manufacturers and system integrators to lithium ...

CATL and BYD's combined EV battery installations in the first half of 2025 stood at 280.8 GWh, accounting for 55.7 percent of the global total. CATL's market share in January-June saw a ...

In 1H25, the energy storage cell market outperformed conservative expectations, showing an optimistic trend. At present, China has completed its shift to new growth drivers, with ...

Worldwide battery storage installations up 54% in first half of 2025, June sets monthly record

In 2025, battery energy stationary storage (BESS) installations surpassed 57 GWh/28 GW, a y-o-y increase of 29% (GWh). The utility-scale market underpinned growth with just under 50 ...
