

Jamaica 900 MW of solar

Developers Wigton Energy and SunTerra Energy Jamaica are each set to build, own and operate large-scale solar projects in Jamaica after successfully bidding in a 100 MW renewables ...

Under the project and with USAID support, JERA worked to strengthen the resilience of Jamaica's energy sector by accelerating the uptake of distributed solar photovoltaics (PV) and PV ...

Jamaica is ramping up renewable energy solutions, including the forthcoming SunTerra solar farm in Trelawny, to strengthen the national grid following Hurricane Melissa's impact.

"In November 2024, the Generation Procurement Entity (GPE) awarded 99.83 megawatts of new solar capacity contract to Wigton Energy Limited and Sunterra Energy Jamaica ...

Located in Westmoreland, the 51 MWp facility is Jamaica's largest photovoltaic (PV) plant, operational since 2019. It generates over 80 GWh of clean electricity annually and offsets more ...

Wigton Energy and SunTerra Energy Jamaica have won bids to develop large-scale solar projects in Jamaica following a 100 MW renewables tender held in 2023. Wigton Energy will build a ...

With a generation capacity of 51 megawatts peak (MWp), the facility has been operational since 2019 and delivers over 80 gigawatt-hours (GWh) of clean electricity annually to the national ...

Wigton and SunTerra were awarded the right to add up to 100 MW (megawatts) of solar energy to the national grid by the Generation Procurement Entity (GPE) in November 2024.

Jamaica is set to build its largest solar park, an ambitious project that initially targets 92 MW of capacity and combines solar energy generation with integrated energy storage.
