

Longi Photovoltaic Bracket Factory

Is Longi Jiaxing lighthouse factory a 'lighthouse factory'?

On December 14, 2023, the World Economic Forum (WEF) announced the latest batch of "Lighthouse Factory" list, and LONGi Jiaxing Lighthouse Factory was selected, becoming the only factory in the global PV industry to be included.

Is LONGi the world's first 'lighthouse + Zero-Carbon' factory?

The commendation of being the world's first "Lighthouse + Zero-Carbon" factory not only underscores LONGi's commitment to green manufacturing but also sets a new standard for industries worldwide.

What is Longi's Jiaxing production base?

Amidst the clamor for solutions to combat climate change, LONGi's Jiaxing Production Base has emerged as a trailblazer, setting unprecedented benchmarks in the global photovoltaic industry.

What makes Jiaxing a 'lighthouse factory'?

This synergy of technologies has culminated in the factory's recognition as a "Lighthouse Factory" by the World Economic Forum, a testimony to its leadership in the photovoltaic industry's global standards. In 2024, the Jiaxing Production Base embarked on an ambitious zero-carbon transformation.

Longi announced that its Jiaxing Production Base has been recognized by the World Economic Forum (WEF) as a Global Lighthouse Factory, the world's first solar module manufacturing ...

LONGi's Jiaxing Production Base sets a new standard for sustainability in manufacturing. Recognized as the world's first "Lighthouse + Zero-Carbon" factory, it showcases innovative ...

LONGi's Jiaxing factory sets a groundbreaking example in sustainable manufacturing, earning the title of the world's first "Lighthouse + Zero-Carbon" factory at Shanghai Climate Week ...

LONGi's Jiaxing Base becomes the world's first PV Lighthouse and Zero-Carbon Factory, pioneering smart, sustainable manufacturing at Shanghai Climate Week.

LONGi Jiaxing Production Base: World's First Lighthouse Factory in the PV Industry On December 14, 2023, the World Economic Forum (WEF) announced the latest batch of "Lighthouse ...

Vertically Integrated Solar PV Value Chain LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy ...

XI'AN, China, Jan. 5, 2024 /PRNewswire/ -- LONGi Green Energy Technology Co., Ltd. (LONGi), the world's largest solar PV manufacturer headquarters in Xi'an, China today announced ...

LONGi leads the solar energy revolution with PV technology, delivering high-efficiency modules, solutions, and full-cycle quality assurance.
