

Luxembourg single glass solar curtain wall installation

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

What is an all-in-one curtain wall system?

The all-in-one curtain wall system is an extra outer shell that not only improves the building's energy balance, but offers the fabric lasting protection from weathering. The SL Modular offers a wide range of options for custom balustrade design.

What is a balcony curtain wall?

The combination of a fixed balustrade element with fully opening, insulated or non-insulated balcony glazing guarantees the perfect balcony aesthetic. Anyone who wants to take the opportunity to enhance the appearance and energy efficiency of an entire building during their balcony renovation will benefit from the curtain wall concept.

As a high-tech product that integrates architectural aesthetics and green energy production, the installation process of solar glass curtain walls requires high technical standards and ...
