Edge Power Supply Rack

Computing Rack

What is the edge 5 air conditioned server rack?

However, with the introduction of the EDGE 5 Air Conditioned Server Rack, this can now become a reality. The EDGE 5 is a Micro Data Centre all in one rack, enabling localised computing to take place. The rack is cooled via a side mounted air conditioning unit that ducts cold air to the front of the rack to cool the stored IT equipment.

What is edge 5 micro data centre?

EDGE 5 Micro Data Centre is an air conditioned server rack that facilitates edge computing. In this digital age with more devices connecting to the internet, sending and receiving data, there is now a strain on bandwidth that could have potential issues for businesses.
