

Nsx630h with energy storage device

The document provides specifications for a ComPacT NSX630H circuit breaker with the following key details: - It has a rated current of 630A at 40°C, rated operational voltage of 690V AC, and rated ...

LV432895 circuit breaker Compact NSX630H - Micrologic 2.3 - 630 A - 3 poles 3d

This ComPacT NSX630H is a complete 4P 4d fixed circuit breaker designed to optimize space and breaking capacity. It is an optimal choice for all standard and specific applications.

Product data sheet Specifications Circuit breaker, ComPacT NSX630H, 70kA/415VAC, 3 poles, MicroLogic 2.3 trip unit 630A C63H32D630

LV432902 circuit breaker Compact NSX630H - Micrologic 5.3 A - 630 A - 4 poles 4d Main ... Complementary ... Environment

This ComPacT NSX630H is a complete 3P 3d fixed circuit breaker designed to ...
