

Philippines Solar Water Pump Manufacturer

Sunelec is the Philippine Distribution Partner of LORENTZ, the market leader in solar powered water pumping solutions. LORENTZ technology uses the power of the sun to pump water, sustaining and ...

Whether you're looking to buy a product or simply seeking advice from a Grundfos expert, we are more than happy to help you get the most out of your pump solution!

Today, with a focus towards these pump systems, Sunelec aims to harness the power of the sun to pump water, whether for drinking, irrigation, or leisure, without relying on the grid.

A solar water pump is powered by solar modules that help draw surface or groundwater out for irrigation. Solar pump irrigation produces no emissions, generates no noise, and is more reliable than other ...

But now, there's a more sustainable, cost-effective solution -- solar power. The sun provides us with an almost infinite energy source, and with the right equipment and planning, we can harness this power ...

The solar powered water pumps we've been manufacturing for nearly 15 years are the heart of our business. For any of your water pumping needs -- from agriculture to personal home use -- we have ...

Model LEO LPY series Hybrid AC& DC Solar Submersible Pump (SS impeller) LPY series Hybrid AC& DC Solar Submersible Pump (Plastic impeller)
