

# Price of JA Solar 285 Panel

How efficient is JA Solar?

JA Solar has an average efficiency rating between 20% and 21%, putting it above the industry average. It also reaches max efficiency ratings of 22.5%, which puts it in the top five most efficient solar panel brands in the industry. High efficiency ratings mean greater production levels and higher savings over time.

Does JA Solar install solar panels?

As we discussed above, JA Solar is not an installer and only manufactures PV equipment. As such, you'll need to choose a solar panel installer that carries JA panels and work with the provider to have your system installed.

Is JA Solar a good brand?

JA Solar is considered a budget brand, but among the different affordable panel manufacturers, JA Solar delivers relatively high quality and high efficiency ratings for boosted performance and savings.

Who makes JA Solar panels?

Join the 1,587 homeowners who got free quotes in the past 30 days. JA Solar Holdings is based in Shanghai, China, and it manufactures solar panels and a variety of solar-related materials for residential and commercial applications.
