

Solar Power Generation Equipment Exhibition

The International Photovoltaic Power Generation and Smart Energy Conference & Exhibition (SNEC PV POWER EXPO) provides the attendees with the opportunity to explore the exhibit of PV ...

As one of the world's most specialized PV exhibitions, SNEC PV& ES showcases PV production equipment, materials, solar cells, PV application products and modules, as well as PV engineering ...

Showcasing the latest innovations and solutions from Power, Power Generation and Power Transmission Equipment, Electrical Engineering, and Solar Energy Technologies companies.

SNEC 2017, with the exhibiting space over 180,000 square meters, attracted over 1800 exhibitors and 200,000 visits from 95 countries and regions.

As the most professional PV exhibition, SNEC showcases PV manufacturing facilities, materials, PV cells, PV application products & modules, PV project and system, energy storage and mobile energy, ...

Over the past 18 years, along with the ups and downs of the global photovoltaic industry, the scale of the "SNEC PV & ES Expo" has grown from 15,000 square meters in the first edition in ...

The highly anticipated SNEC 2025 - The 18th International Photovoltaic Power Generation and Smart Energy Exhibition & Conference is set to take place from June 11 to 13, 2025, at the ...
