

Solar power generation design qualification application

Solar PV systems that use components listed for the application and are properly designed and installed constitute a code-compliant system from an electrical standpoint.

Alabama Alaska Arizona Arkansas California Colorado Connecticut Delaware District of Columbia Florida Licensing (PV and Solar thermal) Florida has established the following licenses and here are the solar technologies that fall within their scope of work: 1. CV - Certified solar contractor; scope of work covers residential and commercial solar water heating, solar pool heating and photovoltaic (solar electric, or PV) systems.
